In response to the Office Action mailed April 01, 2004, Applicants respectfully submit the following response. Entry of this response into the record and full consideration thereof is requested.

REMARKS

Claims 1-2 and 5-12 remain pending in the application. No new claims have been added. Claims 13-48, 64-74 and 106-122 were previously withdrawn from consideration. Claims 3-4 are hereby withdrawn from consideration. No claims have been amended. Claims 49-63, 75-105 and 123-132 were previously cancelled. All other claims remain the same. Reconsideration of the pending claims is respectfully requested.

Claims 1-12 are subject to a Restriction Requirement under 35 U.S.C. 121. The grouping of the claims was not indicated in the Office Action; however, two general groups were identified. The claims below reflect the general division of the claims according to the description of the groups by Examiner:

- Group I: claim 3 as being drawn to a homogeneous mixture; and
- Group II: claim 4 as being drawn to a heterogeneous mixture.

Examiner notes that a mixture is considered generic. Applicants hereby traverse the restriction.
